Laminate Top & Power Options

Available in Molded Plinth Base or Steel leg Base.  
Rocker base available on the Arm Chair Only.

## Features That Matter

### Endless Configurations

9 different pieces in this modular seating line support an endless number of custom configurations that can fit seamlessly into any environment.

### Tamper Resistant

The upholstered seat base is fastened with Torx secure hardware that is specially engineered to eliminate exposed edges and mitigate any opportunity for tampering.

### Concealed Staples

The upholstery is double stitched with concealed staples for additional durability and for the safety of residents and staff.

### Bolt-Down & Ganging Capability

For additional security, this chair can be anchored to the floor with an optional bolt-down kit or fastened together with an optional ganging kit.

### Non-Removable Glides

Non-removable, steel encased floor glides protect the floor from scratching without risking the safety of residents and staff.

### GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.

### Contraband Resistant

An enclosed bottom limits the capability to store and hide contraband.
