

HARMONY™ SERIES

2021

ENGINEERED TO ENDURE®

NORIX

Harmony™ Series

There's an old adage that says it's not what's on the outside, but rather what's on the inside that counts. Well, we here at Norix® like to buck tradition, and have created a line of contemporary, commercial furniture that's both impressive internally and externally. It's called the Harmony™ Series.

The Norix® Harmony™ seating series blends form and function to deliver the unique combination of exceptional durability and a residential look for facilities that need humanizing products for their challenging environments.

Not Just an Arm Chair

When it comes to healthcare and commercial facilities, options are paramount. Although Harmony's signature piece is its arm chair, the series also features sofas and love seats which – like the lounge chair – come with short or full aprons, and round or square backs. In addition, Harmony™ offers two and three seat benches, coffee and end tables that allow facilities to design a harmonious look in their spaces.

Model #HA2828

Harmony 28" Square Table

Model #HA2848

Harmony 28"X48" Rectangle Table

Arm Chair

Seat: 18"H x 30"W

Arm Height: 25.7"H

Upholstery

In spite of that rugged interior, the Harmony™ Series is elegant, versatile and aesthetically pleasing. That's due to its modern design and vastness of its upholstery options. In fact, when choosing Harmony™ products, facilities have hundreds of upholstery options. Select organic, abstract or geometric patterns, all of which come in an abundance of colors. Our upholstery also comes in a variety of performance grades so you can choose the appropriate fabric for your facility.

CUSHIONED COMFORT

Generous seat width and cushioned support provide comfortable lounging.

SECURE DURABILITY

Highly durable polyurethane arm caps are one-piece, full length, and securely bolted to steel frame.

Model #LJ-7

Dimensions:

Overall: 24"D x 77.8"W x 17.8"H

Seat: 16.8"H x 70.5"W

Pick resistant polyurethane arm cap.

Robust fully welded steel frame for maximum strength and durability.

Durability

Harmony's uniqueness begins with its robust, fully welded steel frame which delivers maximum strength and durability. To boot, the furniture products feature full length, one piece, pick resistant, securely fixed polyurethane arm caps that are attached with a secure steel-to-steel connection to the frame, providing extreme safety and protection that will ensure your products stand up to the constant use in your facility.

Clean Out at the seat and back junction.

Cleanability

In addition to its extremely durable frame and the beauty of the upholstery options, the Harmony™ Series is highly practical as well. In order to help facilities keep their product clean and protect their furniture investment, Harmony™ chairs come with an optional Clean Out at the seat and back junction. This opening allows fluids, food and other debris to drop straight to the floor and not into the chair's base – a highly useful option for facilities that see a lot of traffic.

Series Options

- Square or Round Backs
- Short or Full Seat Apron
- Clean Out or Standard Fit
- Secure Closed Bottom
- Upgradeable to TB133
- Backs, Seats and Arms available in different fabrics
- Raven Arm Caps and Feet
