ENGINEERED TO ENDURE®

Norix Behavioral Healthcare Furniture

Norix is a leading provider of behavioral healthcare furniture solutions that are specially designed for facilities looking to create safe and secure environments. Designed and engineered specifically for critical applications, Norix psychiatric furniture is ideally suited for facilities unwilling to compromise on safety or humanizing aesthetics in pursuit of a therapeutic environment.

Our unique mental healthcare furniture includes anti-ligature products designed after consultation with field-experienced practitioners who are well-versed in safety requirements for patients and staff. Our durable furniture products are easy to clean, tamper-resistant and resilient to cleaning agents and fluids.

Select from a variety of special needs furniture including behavioral healthcare tables, beds and seating to suit your requirements for safety, security and the creation of a therapeutic and humanizing environment.

NEW!

ANTI-LIGATURE

Careful flush to the floor design avoids tie offs.

TAMPER RESISTANT

One-piece security conscious design for greater safety.

UNMATCHED CLEANABILITY

Non-absorbent polymer for greater infection control.

Prodigy Bedroom

Warmth of Wood, Performance of Polymer

Prodigy features the latest Norix innovations in an uncompromising line of high performing and aesthetically pleasing bedroom furniture. It is designed and engineered to overcome the daunting challenge of creating a humanized environment without sacrificing safety, security and long term performance. Prodigy is at the vanguard of innovation and advances the Norix legacy of spearheading breakthroughs in behavioral healthcare. Patent Pending.

Crafted in a specially forged polymer with proprietary innovations to deliver superior durability, maintenance free cleanability and humanizing aesthetic appeal. Each piece is uniquely fashioned with specialized TruGrain polymer to replicate natural wood and deliver a residential, non-institutional appearance.

Colors

Harvest

Java

Therapeutically Attractive

Attractive wood grain appearance to enhance the calming familiarity of a home-like environment.

Designed for Safety

Superior to wood in infection-control and ligature, fluid, tamper, infestation and contraband resistance. Concealed anchoring.

Durable

Structurally reinforced for superior durability, impact resistance and security.

Maintenance-Free

Seamless one-piece construction delivers unmatched cleanability and long-term, maintenance-free performance.

Environmentally Responsible

Recyclable polymer is made responsibly with recycled content.

Proprietary TruGrain™ aesthetic provides authentic texture and gradation that replicates natural wood. Each piece is uniquely fashioned to deliver a residential, non-institutional appearance. Special polymer delivers superior durability, maintenance-free cleanability, and humanizing aesthetic appeal. Patent Pending.

Panel Bed

Anti-ligature bed with inset panel design aesthetic creates a "classic" residential look yet allows placement flush against wall or in corners. Raised lip on bed deck with grooved sleep surface for fluid management. Select free-standing version with fully closed bottom or floor-anchor model (all anchoring hardware included.) Optional restraint rings.

Open Chest

Ideal anti-ligature solution - storage for larger items with no doors, drawers or hinges. Includes all anchoring hardware for floor mounting and non-removable floor guide kit for a free-standing alternative.

Nightstand

The Prodigy Nightstand is the perfect complement to the Panel Bed. Smaller top cubby keeps essentials within easy reach; bottom cubby holds larger items. Includes all anchoring hardware for floor mounting and non-removable floor guide kit for a free-standing alternative.

Desk

Classic table desk with modesty panel. Attractive inset panel design allows for placement flush against wall or in corners.

Vesta Seating

One curvy design with tons of upholstery options

The Vesta chair collection provides a unique blend of ultra-safe design with beautiful curved surfaces and colors. The sweeping form is designed to fully contact the floor to mitigate ligature points and can be ballasted for extra security. The rotationally-molded polyethylene is easy to sanitize and provides superior durability.

Anti-Ligature Design

Full Contact from Base to Floor

Vesta's attractive residential appearance is an effective resource for creating a comforting therapeutic environment. Vesta is available in several colors and hundreds of upholstery options. Cushioning is attached with hidden staples and secure hardware to assist in keeping products safe and tamper-resistant.

Cushions attached with hidden staples to avoid tampering

Hundreds of upholstery options.

Rotationally-molded for durability and optimum cleanability

Available in 9 colors

Safe secure ballasting with underside threaded screw cap.

Non-removable steel encased nylon glides for floor protection.
Anti-Ligature designed for full contact to the floor around the entire base.

Affinty Seating

Affinity. A natural liking for, or attraction to a person, idea, or thing. That thing from Norix is a chair, but not just any chair. Affinity represents the great length Norix engineers have gone to create a chair that blends attractive form, comfort, versatility, and reliability.

Affinity combines a metallic silver frame with hundreds of seat and back options. Available with or without arms, and optional upholstered or wood back, the chair makes a great companion to the broad assortment of Norix tables. Contrasting fabrics are available for an even more dynamic look.

The elegant appearance of Affinity lends itself extremely well to lobbies, meeting spaces, and dining areas.

Element™

Element is a designer-friendly series of lounge furniture that provides facilities with maximum versatility. Mix and match the Element Lounge Chair, Love Seat and Sofa throughout your facility depending upon the needs of spaces.

Durability

Element is highly durable due to construction and the materials. On the inside, Element is supported by a sturdy milled-wood frame that is connected with metal hardware to ensure durability and longevity. On the outside, the arm rests are protected and covered with a specially formulated, pick and pry resistant arm cap. These arm caps are available in black and are mounted to the wood frame with steel T-nuts.

Specially formulated, pick and pry resistant arm cap attached to frame with T-nuts.

Clean out between seat and back allows dirt and debris to fall to the ground rather than gather in chair.

Upholstery available in a variety of patterns and grades.

Frame is made of heavy duty milled wood for strength and durability.

Injection-molded nylon feet are engineered for strength and to protect floors.

Generous seat width and cushioned support provide comfortable lounging.

RockSmart™

RockSmart is a contemporary rocking chair designed from the ground up for soothing comfort, exceptional durability and aesthetic appeal. Its signature one-piece shape is sculpted from rotationally-molded polyethylene for a calming, safe and comfortable rock. The 18" is slightly taller, wider, and deeper. Both have a heavier formulation should your facility need a more secure ballasted rocker. Available in two sizes and weights to fit your needs.

TruColor™ Premium material is fully compounded for superior color and quality assurance.

No assembly required.

Engineered to Endure. Dynamic drop tested to a relative impact force of two times BIFMA 5.4 15.4.2 and 500 lb static load while also CAL TB133 compliant.

Sculpted shape provides an ergonomically comfortable sit.

The original rocking chair for Behavioral Healthcare facilities.

One-piece rotationally-molded polyethylene with lightly textured surface allows for easy cleaning.

Mix-Up™

Mix-Up is a furniture line from Norix that allows you to use five different shaped products to produce endless configurations. This diverse series is perfect for dayrooms, lobbies or any area where playful, attractive and durable furniture is applicable. Endless upholstery options and three base colors allow facilities to pick an aesthetic that perfectly matches their environment. Choose products that are round, square, wedge, and rectangle. Then ... well ... mix them up!

Shapes

Mix-Up pieces are highly configurable due to their variety in shapes. The *upholstered* products are designed in round, square, wedge, and rectangles. This allows you to mix and match different forms to create highly customized configurations that meet your facility's requirements or vision. Want to use the rectangles to create a square? You can do that. Mix and match shapes to create your own artistic configuration? Sure. Use these products to accompany other Norix product lines? Go for it!

Materials

Mix-Up can bring a pop of color or a calming element to facilities due to the enormous *upholstery* options available. Choose *upholstery* in different grades, colors, patterns, materials and price points to fit your budget and requirements. High density foam inside the chair allows for comfortable yet stable sitting, while the base is made of high impact polyethylene that is available in three neutral colors, each of which pairs well with nearly all upholstery options.

Five different shapes allow for endless configurations.

High density foam interior provides stability and comfortable sitting.

Ample upholstery options in different grades, colors, patterns, materials and price points.

High-impact polyethylene bases available in three colors.

Hondo Nuevo® Series

A line of unique furniture that combines superior durability, comfort and style and that includes chair, bench and wedge options that allow for flexible, modular seating arrangements. Hondo Nuevo® is specially designed for facilities where robust products are a must.

Robust Durability

Smooth, exterior surface is impervious to fluids and highly puncture resistant, yet easy to clean and sanitize. Fabricated drip edge allows moisture to run off the chair and not into the base.

3 lb density polyurethane foam filling for cushioned comfort.

Seamless chemically resistant surface is easy to clean and sanitize.

Meets the stringent ANSI/BIFMA X5.4-2005 furniture standard, dynamic drop tested to a relative impact force of two times BIFMA 5.4 15.4.2 and 750 lb static load while also Cal TB133 compliant.

Extremely durable, 1/4" thick rotationally-molded skin is impervious to fluids and puncture resistant to 184 lbs.

Premium TruColor™ polymer is fully compounded for superior color consistency and durability.

High Back Chair

The high back option offers facilities yet another tool to help humanize and secure their environments. High back chairs offer comfortable and supportive seating for geriatric populations and patients who may be immobilized or medicated.

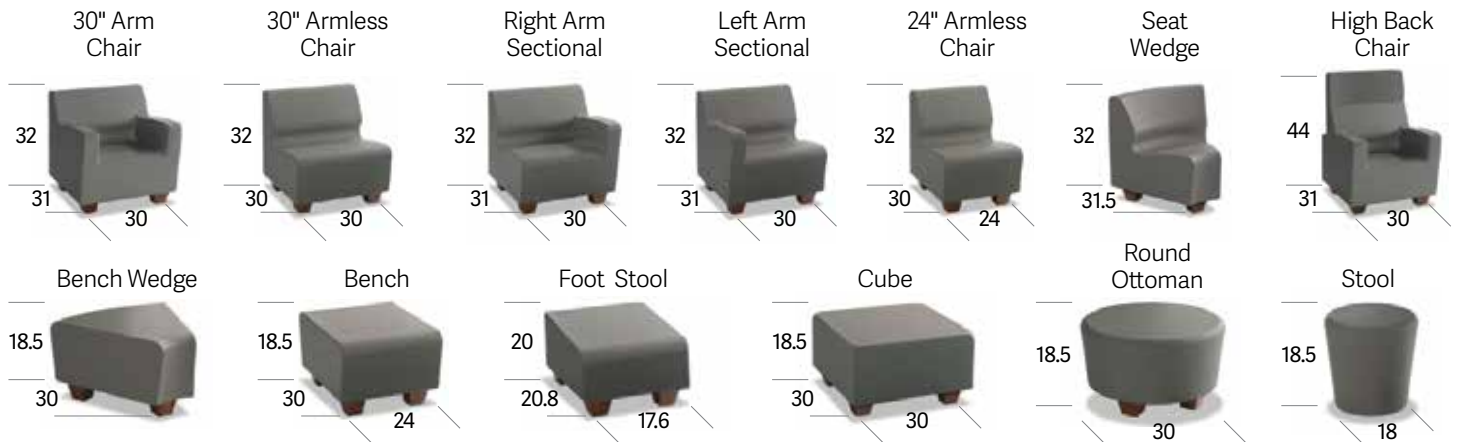

Comfortable lumbar support and ergonomically correct style for comfort and easy egress.

Engineered to Endure. Meets the stringent ANSI/BIFMA X5.4-2005 furniture standard, dynamic drop tested to a relative impact force of two times BIFMA 5.4 15.4.2 and 750 lb static load while also CAL TB133 compliant.

Jupiter Weighted-Down Tables

Sometimes you want a table that is easy to move around. Other times, you'd like that table to stay in one place, but you don't want to anchor it to the floor. Enter the Norix Jupiter Table. Jupiter is designed to be weighted on site to maintain space flexibility and allow for efficient floor maintenance as the needs of an environment change. Base is able to be ballasted to keep the table in place.

X-Base Series

Years ago, we were challenged to design an institutional-grade table that defined each person's space and hindered the passing of contraband from one individual to another on the opposite side. Our answer was the popular, rugged X-Base Table with its unique "X" base design. Today, the X-Base Table is used in high-security and special needs facilities all across the country.

Premium Top

High quality laminate surface with an edge that is pressure fused to the core with a specially formulated, highly durable molded urethane material. The permanently affixed edge has a radius profile for safety and comfort, making it exceptional for food service applications. Oasis® Cafeteria

If your environment demands a more robust solution for cluster seating, your search is over. The Oasis® Series is designed and engineered specifically for dayrooms, dining halls and visitation areas. Oasis® is perfect for situations where users need more back support than traditional stools provide.

Safety & Comfort

Oasis' innovative swivel seats allow easy access and provide the comfort of full lumbar support. The molded polyethylene seat shells are durable and easy to clean. Seats attach securely to reinforced, heavy-duty swivel plates with all-steel, tamper-resistant connections.

Superior Performance

The Oasis® table top delivers superior performance, day in and day out, year after year. High-quality laminate surface features a rounded edge that is pressure-fused to the core with a specially formulated, highly durable molded urethane material. Edges are permanently affixed to the top, making it highly sanitary – ideal for food service applications. Also available in a special ADA version with a reinforced 72" long table top.

Strength & Security

A sturdy 14 gauge steel frame gives Oasis® its rock-solid foundation. The rugged frame provides seat support and understructure for the table top. The bottom of the vertical seat tube has a fully welded plate that holds either a large-stem adjustable glide or an enclosed, non-removable anchor bolt for floor-mounting.

Premium TruColor™ polymer is fully compounded for superior color consistency and durability.

45 lb density M3 grade particle board, with permanently embedded T-nuts for securing the top to the base.

Tested to 1,000 lbs static load.

Ergonomic seats provide back support and swivel for easy access and egress. Fixed seat also available.

One-piece seat and back. Smooth, non-absorbent surface is easy to clean.

Molded-in threaded steel inserts provide for tamper-resistant, steel-to-steel attachment to reinforced seat support plate.

Non-removable glides (for bolt-down).

Heavy-duty cluster seating. Designed and engineered specifically for intensive-use environments such as dayrooms and dining areas.

Molded edge is radiused for safety and comfort, pressure fused to the top, rendering it permanently non-removable and highly sanitary.

Leg Style Series

When you start with 4" diameter 14 gauge tubular steel legs fully welded to 1/4" steel mounting plates, you end up with an incredibly strong, stable and durable table. The legs are joined to the top using tamper-resistant screws connected to embedded T-nuts, for a secure steel-to-steel connection. Optional 2 1/2" legs provide an attractive residential alternative. Legs are solid as a rock. Lean on it with all your weight. The Leg Style table won't wobble or tip. That's peace of mind.

What's On Top

We pressure fuse our top to the core with a specially formulated, highly durable molded urethane edge. The permanently affixed edge has a radius profile for safety and comfort making it exceptional for food service applications. We also can provide our exclusive game top pattern that includes checkers, chess, backgammon and solitaire.

Under & Beyond

The Leg Style table is engineered and built for continuous daily service in any behavioral health environment, but sometimes you want to make sure it stays put. In addition to super tough, tamper-resistant adjustable glides, we also give you the option of bolt-down tabs ... just to be sure.

Permanently bonded to a core of 45 lb density M3 grade particle board with permanently embedded T-nuts for securing top to base with a metal-to-metal connection.

Product tested to 1,000 lb static load.

Robust 14 gauge steel tubing in 4" or 2.5" diameter welded to 6" steel plate for attaching to the top.

Molded edge is radiused for safety and comfort, pressure fused to the top, rendering it firmly attached and highly sanitary.

Terra Seating Series

Terra is a seating series from Norix with a wide assortment of offerings that allow facilities to create highly customized configurations from one product line. That means no more endless searching for furniture that meets your specific needs. Terra is tailored for one-stop shopping for highly durable and aesthetically pleasing integrated seating.

Tons of Seating Options

Seats and backs are constructed with heavy duty wood encased in foam. Hundreds of upholstery options are available in different fabrics, grades and price points, giving facilities the opportunity to match the furniture to their space.

Arm caps available in black polyurethane or in maple, teak and walnut wood color.

Choose from black or metallic silver steel frames.

Tamper-resistant non-removable nylon glide.

Hundreds of upholstery options.

Top stitched and with no exposed staples to provide extra security.

3 arm options

Enclosed bottom panel for security.

Forma Series

To provide customers and facilities with one source for all of their furniture needs, Norix has expanded its offerings with Forma, a modular upholstered seating line that is designed with attractive features and engineered to be highly durable. The ten pieces in this designer-friendly line of products – arm chairs, cubes, benches and wedges – are ideal for lobbies, waiting rooms, staff areas and supervised areas such as group therapy and activity spaces.

Endless Configurations

Facilities can choose from plinth or steel bases, while Norix's expansive upholstery offerings give customers hundreds of options in different grades, fabrics and price points. Products can be bolted down, ganged or left free-standing, providing facilities maximum flexibility if new configurations are needed in the future or if furniture needs to stay in one place. Forma provides a high level of versatility and can help facilities with all of their furniture needs across their entire environment.

Harmony™

The Harmony™ Series blends form and function to deliver the unique combination of exceptional durability and a residential look for facilities that need residential products for their challenging environments. Limited lifetime warranty for structural integrity. In spite of that rugged interior, the Harmony™ Series is elegant, versatile and aesthetically pleasing.

Superior Construction

Interior steel frame for unparalleled structural integrity. Arm chair weighs 130 lbs. Love seats, sofas, and benches offer the same construction with more seating options.

Upholstery

Our upholstery comes in a variety of performance grades so you can choose the appropriate vinyl for your facility. Both seat and back cushions are field replaceable.

Element™

Element™ is a designer-friendly series of lounge furniture that provides facilities with reliable performance. Mix and match the Element™ Lounge Chair, Love Seat and Sofa throughout your facility depending upon the needs of spaces.

Durability

Element is highly durable due to construction and the materials. On the inside, Element is supported by a sturdy milled-wood frame that is connected with metal hardware to ensure durability and longevity. On the outside, the arm rests are protected and covered with a specially formulated arm cap. These arm caps are available in black and are mounted to the wood frame with steel T-nuts.

Features and Benefits

Whether you are picking a lounge chair, loveseat or sofa, Element will add to or create an aesthetic appeal in dayrooms, lounges, lobbies or other areas in your facility where you need attractive furniture. Additionally, the series was designed to last and is appropriate for constant-use environments in facilities that see lots of traffic.

Clean out between seat and back allows dirt and debris to fall to the ground rather than gather in chair.

Specially formulated arm cap attached to frame with T-nuts.

Upholstery available in a variety of patterns and grades.

Injection-molded nylon feet are engineered for strength and to protect floors.

Frame is made of heavy duty milled wood for strength and durability.

Generous seat width and cushioned support provide comfortable lounging.

Affinity Seating

Affinity. A natural liking for, or attraction to a person, idea, or thing. That thing from Norix is a chair, but not just any chair. Affinity represents the great length Norix engineers have gone to create a chair that blends attractive form, comfort, versatility, and reliability.

Affinity combines a metallic silver frame with hundreds of seat and back options. Available with or without arms, and optional upholstered or wood back, the chair makes a great companion to the broad assortment of Norix tables. Contrasting fabrics are available for an even more dynamic look.

The elegant appearance of Affinity lends itself extremely well to lobbies, meeting spaces, and dining areas.

NEW!

Prodigy Bedroom

Warmth of Wood, Performance of Polymer

Prodigy features the latest Norix innovations in an uncompromising line of high performing and aesthetically pleasing bedroom furniture. It is designed and engineered to overcome the daunting challenge of creating a humanized environment without sacrificing safety, security and long term performance. Prodigy is at the vanguard of innovation and advances the Norix legacy of spearheading breakthroughs in behavioral healthcare. Patent Pending.

Crafted in a specially forged polymer with proprietary innovations to deliver superior durability, maintenance free cleanability and humanizing aesthetic appeal. Each piece is uniquely fashioned with specialized TruGrain polymer to replicate natural wood and deliver a residential, non-institutional appearance.

Colors

Harvest

Java

Therapeutically Attractive

Attractive wood grain appearance to enhance the calming familiarity of a home-like environment.

Designed for Safety

Superior to wood in infection-control and ligature, fluid, tamper, infestation and contraband resistance. Concealed anchoring.

Durable

Structurally reinforced for superior durability, impact resistance and security.

Maintenance-Free

Seamless one-piece construction delivers unmatched cleanability and long-term, maintenance-free performance.

Environmentally Responsible

Recyclable polymer is made responsibly with recycled content.

Proprietary TruGrain™ aesthetic provides authentic texture and gradation that replicates natural wood. Each piece is uniquely fashioned to deliver a residential, non-institutional appearance. Special polymer delivers superior durability, maintenance-free cleanability, and humanizing aesthetic appeal. Patent Pending.

Panel Bed

Anti-ligature bed with inset panel design aesthetic creates a “classic” residential look yet allows placement flush against wall or in corners. Raised lip on bed deck with grooved sleep surface for fluid management. Select free-standing version with fully closed bottom or floor-anchor model (all anchoring hardware included.) Optional restraint rings.

Nightstand

The Prodigy Nightstand is the perfect complement to the Panel Bed. Smaller top cubby keeps essentials within easy reach; bottom cubby holds larger items. Includes all anchoring hardware for floor mounting and non-removable floor guide kit for a free-standing alternative.

Open Chest

Ideal anti-ligature solution - storage for larger items with no doors, drawers or hinges. Includes all anchoring hardware for floor mounting and non-removable floor guide kit for a free-standing alternative.

Desk

Classic table desk with modesty panel. Attractive inset panel design allows for placement flush against wall or in corners.

Attenda® Series

The Attenda® Series is designed to provide the strength, safety and cleanability required for the daily rigors in healthcare environments. The key to Attenda's strength and durability is its advanced construction. Molded in specially formulated, high-impact polyethylene, each Attenda® product is structurally enhanced with rigid polyurethane foam for sound absorption and increased strength and durability.

No tie-off points make the bed the go-to choice for those looking for anti-ligature furniture products.

Attenda® 13" and 18" Sleigh Bed

Attenda® Platform Beds

The cornerstone of the collection is the Attenda Bed - designed and engineered to exceed the expectations of practitioners who have tried everything. The Attenda Bed mounts in a corner, against a wall or free standing. Sturdy and seamless, the Attenda Bed features a raised lip around the bed deck for easy clean-up. An optional wall-mount headboard adds a touch of wood-grained style for a more residential appearance. No tie-off points make the bed the go-to choice for those looking for anti-ligature furniture products.

Remedy Sealed Seam Mattresses

Options: Platform Bed Restraint Rings, Platform Bed Bottom Closure, No Floor Mount Holes, Headboard, Bed Riser, SafeStore

Testing: GREENGUARD Gold Certified California Technical Bulletin 133, UL1056, ASTM E1537, NFPA 261, Platform Bed 1,000lb Static Load, BIFMA 5.4 15.4.2, 1000 lb Static Load

Attenda® Nightstand

The Attenda Nightstand is the ideal companion piece to the Attenda Platform Bed. Open compartments provide for accessible storage of personal articles while maintaining easy visual inspection. The advanced construction delivers unsurpassed performance in healthcare environments and makes it uniquely suited for intensive-use applications. Molded in high-impact polymer, then filled with rigid structural foam, Attenda represents the pinnacle of robust durability. In addition, the product has no moving parts or tie-off points, making it anti-ligature and safe for your BHC environment. Decorative High Pressure Laminate (HPL) top with durable resin edge is optional.

Attenda® Open Chest

The Attenda Open Chest is a particularly effective storage solution for an Attenda room ensemble. Open compartments provide ample storage capacity while maintaining easy visual inspection. Attenda's advanced construction delivers unsurpassed performance in healthcare environments and makes it uniquely suited for intensive-use applications. This anti-ligature product is safe and secure and helps decrease the risk of self-harm in your facility. Decorative High Pressure Laminate (HPL) top with durable resin edge is optional.

Attenda® Desk & Stool

Advanced construction for intensive-use applications in critical environments. Molded in high-impact polymer, and then filled with rigid structural foam. Seamless construction with rounded corners make the stool anti-ligature. Easy to clean. Bolt-down installation for safety and security. Attenda Desk features HPL top with durable molded edge as standard.

Attenda® Wall Mount Shelves

The Attenda Wall Mount Shelves are the go-to solution when free unencumbered space is at a premium. Open cubbies provide ample storage space while maintaining easy visual inspection. Attenda's advanced construction delivers unsurpassed performance in critical environments and makes it uniquely suited for intensive-use applications. Molded in high-impact polymer, then filled with rigid structural foam, Attenda represents the pinnacle of robust durability. Additionally, the product has no tie-off points, making it ligature-resistant, safe and secure.

Attenda® Wardrobe

Advanced construction for intensive-use applications in critical environments. Molded in high-impact polymer, then filled with rigid structural foam. Seamless construction with rounded corners. Easy to clean. Bolt-down installation for safety and security. Also available with no door.

Safehouse® Series Wood Case Goods

The Safehouse® Series combines safety and durability – in a homelike all-wood collection. After research and consultation with behavioral healthcare professionals, Norix designed the Safehouse collection to provide a warm, yet secure haven for residents – with client safety as the primary consideration. With built-in safety features like sloped tops, rounded edges and SafeJoint™ concealed joinery, Safehouse offers practitioners peace of mind, plus the therapeutic appeal of real wood. Norix exclusive Dura-Ply™ construction ensures that Safehouse products will stand up to the demands of your challenging environment. 5-year limited replacement warranty for defects in materials and workmanship.

Platform Bed

Residential room furnishing designed to provide a warm, yet secure haven for residents. The Safehouse Platform Bed anchors a room ensemble with the warmth of wood and the safety of durable construction. Fits a standard 36" x 80" mattress.

Remedy Sealed Seam Mattresses

Captains Bed

Residential room furnishing designed to provide a warm, yet secure haven for residents. The Safehouse Captains Bed anchors a room ensemble with the warmth of wood and the safety of durable construction. 2 built-in open storage compartments add space efficient storage. Fits a standard 36" x 80" mattress.

Shelves, Desks, Nightstands & Wardrobes

Dura-Ply™ construction. “Open-shelf” design for enhanced safety and security. Solid ¾" back panel for enhanced structural integrity. Catalyzed vinyl sealer coat plus catalyzed varnish top coat for wear resistance.

Titan® Series

Looking for residential furniture that can endure years of use in your facility’s demanding environment? Look no further than the Titan® Series from Norix – a complete line of steel case goods that combines functional versatility with the institutional durability of all-steel construction. There’s no substitute for the strength, safety and durability of steel furniture, and Titan® has emerged as the product of choice in institutional settings. Why? Because Titan was designed to perform in the most challenging healthcare environments. Titan® products are heavy and heavy duty. You don’t have to worry that they’ll be invaded by bedbugs, picked apart, or broken through intensive-use. Steel stands the test of time, and provides the best value option. Day in and day out – year after year – Titan performance.

Panel Base Bed

Available in Panel Base Bed, Bunkable Panel Base Bed and Panel Base Bunk. Steel deck, steel end frames for optional bunking. Ships K.D. Optional headboard, footboard, bunk-locking clamps, bottom closure panel, ladder and safety rails.

Attenda® Sleigh Bed

The Attenda® Sleigh Bed introduces contemporary design for a more residential, normalized appearance without sacrificing advanced construction for intensive-use applications in healthcare environments. Ideal for geriatric patients, the higher sleep surface makes it easier to administer to patients while the raised bed deck easily accommodates a patient lift device. Available with or without drainage holes.

Ideal for incontinent patients. Optional drain holes allow fluids to drain away.

Attenda® Platform Bed Riser

Free-standing or floor mounted bed riser designed to pair with the Attenda Floor Mount Bed for staff friendly bed height, easy patient egress and convenient use of a patient lift device. Optional riser raises 15" sleep surface an additional 8" and features a knock out access port and push cap for ballasting in free-standing applications. Bed fastens securely to riser at the existing anchor locations of the bed (tamper-resistant connecting hardware included). Pairs with ATN100 or ATN101 beds (retrofit capable). Available in Moss or Fossil colors.

RockSmart™

RockSmart is a contemporary rocking chair designed from the ground up for soothing comfort, exceptional durability and aesthetic appeal. Its signature one-piece shape is sculpted from rotationally-molded polyethylene for a calming, safe and comfortable rock. The 18" is slightly taller, wider, and deeper. Both have a heavier formulation should your facility need a more secure ballasted rocker. Available in two sizes and weights to fit your needs.

TruColor™ Premium material is fully compounded for superior color and quality assurance.

No assembly required.

Engineered to Endure. Dynamic drop tested to a relative impact force of two times BIFMA 5.4 15.4.2 and 500 lb static load while also CAL TB133 compliant.

Sculpted shape provides an ergonomically comfortable sit.

The original rocking chair for Behavioral Healthcare facilities.

One-piece rotationally-molded polyethylene with lightly textured surface allows for easy cleaning.

Seat Color

Testing: GREENGUARD Gold Certified, California Technical Bulletin 133 UL1056, ASTM E1537, NFPA 261, UL94 HB, British Standard BS 7176: 2007, 500 lb Static Load

Vesta Seating

One curvy design with tons of upholstery options

The Vesta chair collection provides a unique blend of ultra-safe design with beautiful curved surfaces and colors. The sweeping form fully contacts the floor to mitigate ligature points and can be ballasted for extra security. The rotationally-molded polyethylene is easy to sanitize and provides superior durability.

Anti-Ligature Design

Full Contact from Base to Floor

Vesta's attractive residential appearance is an effective resource for creating a comforting therapeutic environment. Cushioning is attached with hidden staples and secure hardware to assist in keeping products safe and tamper-resistant.

Integra Armless

Integra chairs are specifically designed for intensive use applications, yet comfortable and lightweight. They're molded in one piece so you don't have to worry about assembled components coming loose. They're stackable and they pass the rigid California Technical Bulletin 133 Flammability Test.

Each chair weighs only 7 lbs so stacking 15 of them in a seven foot high space is easily accomplished.

Molded from high-impact grade copolymer polypropylene. Passes the rigid California Technical Bulletin #133 Flammability Test.

Seat Colors

Multi-Purpose Series

Most commercial tables are put together with easily removed screws, nuts, bolts, screw-out glides and snap-on parts. Norix created the Multi-Purpose Series of tables specifically to avoid those attributes so you don't have to think about the possibility of injury by altered furniture parts.

45 lb density M3 grade particle board with embedded T-nuts sandwiched with decorative laminate and backer sheet.

Product tested to 500 lb static load.

Edge is routed to receive glued and pinned black vinyl T-molding. 1 1/4" thick edge profile.

Heavy-duty construction with commercial grade laminate surface and glued and pinned T-mold edge. Legs fastened to embedded T-nuts.

12 gauge steel tubes, fully welded and sealed on exposed ends. Glides adjust for leveling, but are tamper-resistant as a security precaution.

DuraVision™ Mirrors

DuraVision™ polycarbonate mirrors from Norix are designed specifically for the challenging conditions found in healthcare facilities. The strength of polycarbonate combined with a solid, full foam backing and a unique steel frame design ensures these mirrors exceed the breakability and tamper resistance of any other product on the market.

9.5 / 13.4

Behind the Reflection

Most convex mirrors you see in commercial establishments and at intersections are made from acrylic. When tested to withstand impact, they'll be the first to break into knife-like shards. Our polycarbonate mirrors, with pure reflective coatings, are premium 3mm grade with a tensile strength of 9,400 psi. To further enhance the strength, we completely fill the cavity behind the mirror with high-density water blown urethane foam to limit the compression distance, thus eliminating the possibility of breakage from a severe blow. To make sure they stay in place, the DuraVision™ mirror perimeter is fully enclosed in a heavy duty powder coated steel frame that sits flush with the wall and ceiling and features countersunk screw holes to receive tamper-resistant fasteners.

20 / 26

6.5 / 8.5

Eliminating Blind Spots

DuraVision mirrors were designed to ensure the safety of facility, staff and patients. DuraVision™ mirrors permit staff the opportunity to observe blind corners and intersections without putting themselves or others in harm's way.

20 / 25.5 / 38

Attenda® Desk

Laminate top with molded radiused edge. Mounts securely to floor. ADA compliant.

ADA Shower Seat

Healthcare grade, recessed ADA compliant shower seat. Easy-to-clean stainless steel finish.

Norix Installation Services

Norix education furniture is safe, secure and built to last ...providing outstanding long-term value and peace of mind for your staff. For facilities not using contractors or consultants, it makes sense to reinforce the benefits of the furniture with a installation from Norix.

Benefits of Installation Services:

- Expert installation services, performed by professionals experienced in all facility installations.
- Complex installation capabilities, including field drilling into concrete, secure bolt-down and application of security caulk.
- All labor, installation hardware and materials included.
- Seamless transaction on same purchase order as furniture.
- Reinforces product warranty.

**AT NORIX, WE DESIGN INNOVATIVE,
ROBUST FURNITURE THAT MEETS THE
REAL-WORLD NEED FOR HUMANIZING
CHALLENGING ENVIRONMENTS.**

Norix is not just a corporation, we're a family. We care about the people we serve, our community and our team.

We create contemporary designs that humanize our industry without sacrificing robust structural integrity.

Our products are built with the wellbeing of the people who use the furniture in mind, as well as the people around them.
