Steel Bunk

Double Bunk
Steel Bunk

Wall Mount Bunk
Steel Bunk

Features That Matter

Bed Bug Resistant

The all-steel construction is naturally cool and dry, offering unsuitable conditions for bed bugs to manifest.

Tamper Resistant

Fully welded with no loose parts to break or weaponize to ensure the safety of residents and provide peace of mind for staff.

Made in the U.S.A.

This product is proudly made in the U.S.A.

Secure Anchoring*

For additional security, the steel frame can be welded or bolted to wall plates. Built-in floor mounting tabs allow the legs to be securely bolted or welded to the floor.

Extreme Durability

The heavy-duty, all-steel construction is engineered to withstand the rigors of challenging environments, ensuring a safe, secure environment for residents and staff.

GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.

**Single and Double bunks only.*

Stack-A-Bunk®

Overcrowded facilities and emergency temporary bunking can be a serious problem if you aren't prepared. Most courts have made it unlawful to sleep inmates on the floor. The Norix® Stack-A-Bunk® solves the problem with a washable, stackable sleep surface that doesn't have component parts which can be turned into a weapon.

Standard
Color Twilight

X-Large
Color Sand

Features That Matter

Bed Bug Resistant

The one-piece, rotationally molded design eliminates any potential entry points for bed bugs to infest, supporting a safe and sanitary environment.

Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without affecting the surface material or color.

Extreme Fluid Resistance

The rotationally molded, specially formulated, high-impact polyethylene is non-absorbent and offers extreme resistance to blood, vinegar, urine, feces, cleaning solutions and a wide variety of other liquids that your facility may encounter.

GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.

TruColor™ Technology

Our premium TruColor™ technology creates full and consistent coloring that is void of any streaks, speckles or other color disruptions.

Stackable

The unique design allows for compact stacking, optimizing space during storage.

Made in the U.S.A.

This product is proudly made in the U.S.A.

Floor Mount Stool

The Ironman® Floor Mount Stool provides unsurpassed durability with 11 gauge tubular steel and ¼" thick steel mounting plates. Available with Super Slammer Stone® seats to match other Norix® cell furniture or stainless steel.

Floor Mount Stool
Super Slammer Stone® Seat

Floor Mount Stool
Stainless Steel Seat

Features That Matter

Steel-to-Steel Connections

Four molded-in threaded inserts on the Super Slammer Stone seat option create a superior steel-to-steel connection.

Floor Mountable

This product can be mounted directly to the floor with secure hardware for additional safety and security.

Robust Base

Heavy-duty, 11-gauge steel tubing is fully welded both top and bottom to steel mounting plates, forming a robust and extremely reliable base.

Sturdy Seating

Our heavy-duty, 14-gauge stainless steel seats, as well as the optional high density, color impregnated compression molded composite seats, are engineered to excel in challenging environments.

Cuff Bench

The Norix® Floor Mount Cuff Bench is a bolted-down, floor-mounted 12 gauge steel bench with cuff rings for transit and intake areas. Powder coat finish for durability and easy maintenance. Stainless steel top also available.

Cuff Bench
Available in 4 sizes

Features That Matter

Optional Cuff Rings

Optional cuff rings are factory welded to a 12-gauge steel seating surface for long-term durability and enhanced security.

Extreme Durability

The heavy-duty, all-steel construction is engineered to withstand the rigors of challenging environments, ensuring a safe, secure environment for residents and staff.

Floor Mountable

This product can be mounted directly to the floor with secure hardware for additional safety and security.
