SEATING SERIES

# Progress Series

---

The Progress Chair is a passive ergonomic stackable chair with a live hinge molded into the backrest. This commercial chair is designed to supply a high level of back comfort in both upright and relaxed sitting positions. With or without upholstery, the Progress chair looks good in any environment.

## Features That Matter

### Ergonomic Design

The sculpted shape and generous seat width coordinate with appropriate seat height for proper ergonomics and easy egress.

### Flexible Backrest

A live hinge is molded into the backrest to provide the flexibility required for long term comfort.

### Tamper Resistant

A simple, impressive design featuring no nuts, bolts, welds or rivets mitigates tampering opportunities.

### Stackable

The unique leg shape allows the chairs to nest when they are stacked.

### GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.
