ENGINEERED TO ENDURE®

NORIX®

Protégé™ Series

If you are looking for highly durable dorm or shelter furniture with a sleek design, look no further than Norix's Protégé™ series – a value driven series of products designed for constant use in environments that historically have been institutional in nature.

Protégé™ furniture offers an all steel construction that delivers reliable performance and outstanding value. The design and engineering is ideal for transitional housing and dormitory needs.

Benefits of Steel

With enhanced structural integrity, Protégé™ steel beds also are equipped with fully welded end frames and mattress deck. Additionally, the entire series of products is bed-bug resistant due to its all-steel construction and includes high-impact laminate headboards and accents.
