1. Temporarily place the desk in the desired location.
2. Slide the (4) Brackets (B) into the recesses, ensuring that the slotted holes face inward.

3. Place masking tape on the floor along the edge of each bracket, as shown, and mark the edge and ends of the brackets.

4. Set the desk aside. Using the markings on the tape, place the brackets in their mounting locations. Trace the round holes onto the floor and proceed with installing anchors into the floor.

5. Place the brackets over the anchors and secure with mounting hardware. (Mounting Hardware not provided)

6. Place the desk into final position and install (4) Machine Screws (C) through the Brackets (B) and into the threaded holes in the Desk.
