NORIX[®]

IntelStation® Series

You've made the decision to implement non-contact visitation to streamline the processing of inmate and visitor contact. Now you need to consider how to protect your investment in the expensive video and voice communications equipment* that will be installed in your facility. Norix® offers the most complete range of secure cabinets designed, engineered and constructed specifically for non-contact visitation.

*Electronic A/V or telecommunications components not included.

Heavy Duty Laminate

Laminate IntelleStation® cabinets are constructed from heavy-duty 45 lb density particle board sandwiched between .050" thick heavy duty high-pressure laminate.

The Open Style Laminate cabinet is suitable for surface mounting your electronic equipment or telephones. Choose wall-mount or floor mount units, with or without attached seats.

All structural connections are steel-to-steel; tamper-resistant Torx® head fasteners.
