Features That Matter

Highly Customizable

A wide assortment of fabrics, round or square back supports, optional closed bottom and clean-outs offer the versatility needed to fit into any environment.

Extreme Durability

The heavy-duty, durable design offers enhanced safety for residents and peace of mind for staff – even when positioned in unsupervised spaces.

Ergonomic Design

A generous seat width coordinates with appropriate seat and arm height for proper ergonomics and easy egress – perfect for residents with reduced mobility.

Affixed Arm Caps

The highly durable polyurethane arm caps are affixed directly to the steel frame and are specially designed to be pick and pry resistant.

Tamper Resistant Upholstery

The upholstery is double stitched with concealed staples for additional durability and for the safety of residents and staff.

Cushioned Comfort

A flexible polyurethane foam filling provides a comfortable cushion without sacrificing durability.

Fully Welded Internal Steel Frame

The base of the chair is comprised of a fully welded steel frame for maximum strength and durability.

GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.
