#### **Fabrication & Material**

\*Intended for indoor use only

<u>Surface Mount Panel, Divider Panels & Writing Surface</u>: 12 gauge #4 finish stainless steel with security fasteners. Writing surface, divider panels, cabinet top and face plate are securely connected with tamper resistant fasteners.

Legs and Seat Support: 10" radius curved portions of the legs support the top and for additional strength are fully welded to the vertical tubes that support the seats. The tops of the curved tubes and the tops of the seat support tubes are fully welded to 6" x 6" x 1/4" thick steel plates. The bottoms of the seat tubes are fully enclosed to conceal floor-mounting anchors. 3" diameter 14 gauge steel finished fully welded tubes with black powder coat.

<u>Seats:</u> Option 1: Super Slammer Stone - 13" diameter high density color impregnated compression molded composite that is highly scratch and stain resistant.

Option 2: Stainless Steel - 14 guage, type 304. One piece 12" diameter with 1 $^{1}\!/^{2}$ " drop edge. #4 finish.

Made in the U.S.A.

#### Maintenance

<u>Panels, Faceplate, Stainless Steel Seats:</u> When cleaning stainless steel, Norix recommends the use of a cleaner made especially for stainless steel products. <u>Legs</u>: Norix recommends the use of soap and water for both the regular cleaning maintenance and deep-scrub cleaning of powder coated steel.

Seat: For routine and regular cleaning maintenance, Norix recommends the use of Simple Green<sup>®</sup> or an equivalent cleaning product. For the deep-scrub cleaning of tougher stains, marks and debris, we recommend the use of Clorox<sup>®</sup> Clean-Up<sup>®</sup> Cleaner + Bleach or an equivalent cleaning solution.

### TESTING

#### **Environmental Test Standards**

GREENGUARD and GREENGUARD Gold Certified by UL Environment. Product certified for low chemical emissions to UL 2818. UL.COM/GG.
