

A photograph of a modern lounge area. The scene is split into two levels. The upper level is a balcony with a black metal railing, featuring several white armchairs and a blue sofa. The lower level is a large open-plan area with a patterned carpet. It contains several round tables with white chairs, a set of orange armchairs, and a set of blue armchairs. Large windows in the background offer a view of a green lawn and trees. The word 'NORIX' is printed in white in the top right corner.

NORIX

X-Base

TABLE SERIES

X-Base Series

Years ago, Norix was challenged to design an institutional-grade table that defined each person's space and hindered the passing of contraband from one individual to another on the opposite side. Our answer was the popular, rugged X-Base Table with its unique "X" base design. The X-Base Table design is used in high-security and special needs facilities all across the country.

Square Top
36" & 42"

Round Top
36", 42" & 48"

Features That Matter

Secure Molded Edge

The molded edge is radiused for comfort and pressure fused to the extra strength top, making it permanently fixed, highly sanitary and pick resistant.

Rounded Edges

Smooth, rounded edges provide a pleasing aesthetic and contribute to a safe design.

Extreme Durability

The heavy-duty, durable design offers enhanced safety for residents and peace of mind for staff.

Contraband Resistant

The uniquely designed "X" base creates four individually defined spaces to mitigate physical contact between users and to hinder the ability to pass contraband.

Tamper Resistant

The base and top are securely attached with embedded T-nuts and pin-in Torx head security hardware to create a safe, steel-to-steel connection engineered to not loosen over time.

Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without effecting the surface material or color.
