- Bolt-down kit
- Factory Ballasting (50 lbs / 22.7 kg)

\*Ballastable up to 50 pounds (22.7 kg) of dry sand or gravel. On site ballast materials not supplied by Norix.

### Assembly

None required.

\*Intended for indoor use only

### Fabrication & Material

**Frame:** One-piece, 100% seamless, specially formulated polymer construction is structurally reinforced for superior durability, impact resistance and security. Rounded edges for added safety. Each piece is uniquely fashioned with proprietary TruGrain™ polymer formulation to replicate natural wood, and deliver a residential, non-institutional appearance. The seamless, one-piece construction delivers long-term, maintenance-free performance superior to wood in infection-control, fluid, tamper, infestation and contraband resistance. Contains a minimum of 30% recycled content. Made in the U.S.A.

**Back:** 5" (12.7 cm) polyurethane foam is fully upholstered and stapled to high strength plywood. Plywood is connected to the frame with tamper-resistant hardware and embedded steel T-nuts for a secure steel-to-steel connection.

**Seat:** Upholstered 4" (10.2 cm) polyurethane foam with a 6" (15.2 cm) bullnose glued to high strength plywood. Plywood is connected to the frame with tamper-resistant hardware and embedded steel T-nuts for a secure steel-to-steel connection. The seat features both a side and back clean-out for easy cleaning. Made in the U.S.A.

### Warranty

10 year limited replacement warranty.

### Maintenance

**Frame:** For routine and regular cleaning, Norix® recommends the use of Simple Green® or an equivalent cleaning product with a soft damp cloth. Prodigy® products are suitable for use with hospital-grade disinfectants (such as Virex®, Wexcide® or Oxivir Five 16®) per manufacturers' instructions.

**Upholstery:** Refer to upholstery manufacturer's cleaning instructions.

### Performance Test Standards

- Tested to 750 lbs (340.2 kg) static load.
- Product dynamic drop tested to a relative impact force of two times BIFMA 5.4 15.4.2 (250 lbs from 18") (113.4 kg from 45.7 cm)

### Environmental Test Standards

- GREENGUARD and GREENGUARD Gold Certified by UL Environment. Product certified for low chemical emissions to UL 2818. UL.COM/GG.

### Flammability Test Standards

Optional upgrade for compliance with the following standards:

- State of California, Technical Bulletin No. 117, Flammability Test Procedure for Seating Furniture for Use in Public Occupancies
- UL1056 Fire Test of Upholstered Furniture
- ASTM E1537 Test Method for Fire Testing of Real Scale Upholstered Furniture Items
