SEATING SERIES

# Fenix™ Series

---

The Fenix Collection evokes a sense of calmness, comfort and a connection with nature by integrating familiar, organic shapes into its design. The slim, space-saving base design enhances efficiency and facilitates a more streamlined layout – all without sacrificing stability. Gently curved edges extend flush to the floor to give Fenix a contemporary look that supports a safe, secure environment. The one-piece construction makes Fenix fluid resistant, tamper resistant, prevents the concealment of contraband and allows for easy sanitation.

**Arm Chair**  
Indoor / Outdoor

**Armless Chair**  
Indoor / Outdoor

## Features That Matter

### Space-Saving Design

The slim base design optimizes space utilization, enhances efficiency and facilitates a more streamlined layout without sacrificing the stability of the chair.

### Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without affecting the surface material or color.

### Concealed Bolt-Down Capability

For additional security, this chair can be anchored to the floor with an optional concealed bolt-down kit.

### Ligature Resistant Design

The one-piece, roto-molded design eliminates pass throughs and tie offs, thus reducing ligature risk.

### Non-Removable Glides

Non-removable, molded-in floor glides protect the floor from scratching without risking the safety of residents and staff.

### Contraband Resistant

Specifically designed without any creases or nooks to mitigate the ability to hide contraband.

### Ballastable

Ballasting offers additional security by adding weight, reducing the risk of moving or throwing the chair.

### Organic Shape

The soft edges and organic shape are supported by research proving curved surfaces promote relaxation and reduced stress.

### Recessed Design

The foot cavity is recessed allowing users to position their heels closer to the chair surface and under their knees.

### Extreme Durability

The heavy-duty, durable design offers enhanced safety for residents and peace of mind for staff – even when positioned in unsupervised spaces.

### GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.

### TruColor™ Technology

Our premium TruColor™ technology creates full and consistent coloring that is void of any streaks, speckles or other color disruptions.
