Respite™

CHAISE LOUNGE

Respite™

The Respite Lounge Chair utilizes trauma informed design principles to provide a calming and secure seating solution for behavioral healthcare and crisis care environments. Its gentle recline is ergonomically engineered to offer sustained comfort even during extended use. An integrated pillow with slightly curved sides offers appropriate head and neck support, provides patients with a sense of privacy, and allows staff to monitor effectively. The concave surface at the base enables caregivers to properly position their feet, improving their ability to safely facilitate patient transfers and allowing them to easily access the patient during medical treatment.

Features That Matter

Ergonomically Engineered

Ergonomically engineered to support patient comfort during extended use.

Ligature Resistant Design

The one-piece, roto-molded design eliminates pass throughs and tie offs, thus reducing ligature risk.

Rounded Edges

Smooth, rounded edges provide a pleasing aesthetic and contribute to a safe design.

Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without affecting the surface material or color.

Integrated Pillow

An integrated pillow with slightly curved sides offers appropriate head and neck support, provides patients with a sense of privacy, and allows staff to monitor effectively.

Extreme Durability

The heavy-duty, durable design offers enhanced safety for residents and peace of mind for staff – even when positioned in unsupervised spaces.

Ballastable

Ballasting offers additional security by adding weight, reducing the risk of moving or throwing the chair.

Bolt-Down Capability

For additional security, this chair can be anchored to the floor with an optional bolt-down kit.

Contraband Resistant

Specifically designed without any creases or nooks to mitigate the ability to hide contraband.

Concave Base

The concave surface at the base enables caregivers to properly position their feet, improving their ability to safely facilitate patient transfers and allowing them to easily access the patient during medical treatment.

GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.

TruColor™ Technology

Our premium TruColor™ technology creates full and consistent coloring that is void of any streaks, speckles or other color disruptions.
